Summer Internship and Research Bursaries 2025

Dear Peter/Zheyuan

I am delighted to inform you that following consideration of your application to the Summer Internship and Research Bursaries 2025, the panel agreed to award you £1,000 from the Browning fund towards your project at the Cambridge Open Reality and Visual AI (CORE) Lab at the Department of Computer Science and Technology. We hope that this will go some way towards achieving your objectives, and trust that you will update and thank those who provided a reference for you.

May I take this opportunity to draw your attention to the conditions of the award, namely that:

- (a) you will continue as a student of Magdalene College in October 2025; in the event that you do not return into residence, you will be liable for the value of the award.
- (b) you are expected to use this award only for the purposes set out in your application; any monies not so used in whole or in part must be returned to the College.
- (c) should you receive any additional sources of funds to support your project, you must inform the College so that your award may be reviewed.
- (d) you must submit a written report of between 1000 and 3000 words to the Academic Registrar, Mr Cei Whitehouse (registrar@magd.cam.ac.uk) by 30 September 2025.

The panel and I are delighted that the College is able to help you with your project, and we look forward to reading your report in due course.

Yours sincerely

Prof. Stuart Martin
